

FILM

SIREN

A singer’s reality fractures under the weight of sound, grief, and guilt.

MY ROLE

Writer & Director

FORMAT

Narrative short film

YEAR

2025

STORY

Set in the echo chamber between artist and audience, SIREN follows a singer whose reality fractures under the weight of sound, grief, and guilt. A surreal reverie about music, pain, and the cost of making art that cuts too deep-a fever dream wrapped in distortion and drenched in blood-SIREN doesn’t offer redemption. It dares you to stay.

SELECTED CAST
